

Join The FLYING CAR Movement!

Arizona is taking part in historic NASA research and now you can too! Register now for a full day event featuring AAI & NASA Ames Research Center team members that are leading this history making field test right here in Maricopa County!

These teams are working on research to further advance the reality of Advanced Mobility solutions! Join us on January 11, 2023 to enjoy one-of-a-kind content from NASA and AAI including breakfast, lunch and refreshments throughout the day.

You'll get a swag bag of NASA stuff and a chance to mingle with companies from Arizona and Silicon Valley who are hiring students just like you!

For a limited time, register with discount code ASUrocks and get a full ticket, including all meals and swag bag, for just \$24.99! Come mix and mingle with University students and faculty, and get the unique opportunity to listen to talks about the future of transportation, logistics and software development! - register today.

AAI will also be offering ASU student internship opportunities to be part of this historic AAI NASA Arizona transportation and technology project, so don't miss out. REGISTER TODAY!
