## Classical Arabic Poetry

Tuesday September 12, 2023

6:00 PM

<https://asu.zoom.us/j/3813141796>

From the very earliest stages in the Arabic literary tradition, poetry has reflected the deepest sense of Arab self-identity, of communal history, and of aspirations for the future. Within this tradition the role of the poet has been of major significance. The linkage between public life and the composition of ringing odes has remained a direct one from the pre-Islamic era. through the premodern period to the modern period."
