

Sculpting Science 2017

a provocative fusion of science and art

Please join us for the Grand Opening of **Sculpting Science 2017** – an Arizona State University art exhibit that takes you into the microscopic world of science, far beyond what the human eye can see.

This exhibit features breathtaking ceramic sculptures and incredible mixed-media drawings inspired by microscopic nature. It also highlights extraordinary images of nature created by using extreme magnification.

Hosts

ASU School of Life Sciences
ASU School of Art

Where

Step Gallery
in Grant Street Studios

605 E. Grant Street
Phoenix, AZ 85004

When
