IMSD Faculty Workshop and Life Sciences Café Seminar

Join us for a unique workshop on overcoming challenges in mentor-mentee communication to build a more inclusive scientific community.

Seminar Title: Environmental Emerging Contaminants

Speaker:
Otakuye Conroy-Ben
ASU assistant professor, Sustainable Engineering and the Built Environment

Date: Monday, Feb. 19
Workshop: 8:30 a.m.
Life Sciences Café Seminar: 12:15 p.m.
Location: Life Sciences C – 202
RSVP: madhavi.kalive@asu.edu

Host:
Madhavi Chakravadhanula
IMSD Project Coordinator

Breakfast and lunch will be served.
Graduate students and post-docs are welcome to attend.

Otakuye Conroy-Ben is an Assistant Professor in the School of Sustainable Engineering and the Built Environment at ASU. Her research specialty is environmental emerging contaminants, focusing on wastewater-derived endocrine disrupting chemicals and antibiotic resistance. In this seminar, she will discuss her latest research findings, mentoring of students in STEM, and her path as a first-generation, underrepresented woman in engineering.
