

# Celebrate the Past

## Focus on the Future

## ASU Polytechnic Campus Alumni Lecture Series

Marking 20 years of accomplishments, 1996-2016

This year-long series features alumni changemakers from each of the six colleges at ASU's Polytechnic campus, talking about their time spent at Arizona State University and what they are doing now.

John Steward is a 1997 master's graduate of the Environmental & Resource Management program at the Ira A. Fulton Schools of Engineering and is now CEO and president of ETI, co-developer of OREX technology. Steward will talk on how **perspective, perseverance, and passion** have been his cornerstones in life, helping him accomplish his dreams and goals.

*Light refreshments will be provided.*
