Internship Opportunities for Summer 2018, opportunities for students of all languages and majors

Dr. Seefeldt will give a presentation from 1.45-2.30. Before and after, students can talk to him individually to determine the best internships.

Dr. Seefeldt has more than 40 years of placement experience. He personally visits every employer in each country to investigate the working environment for the students, and then makes follow-up visits after the students are placed and being working.
