

# WORDS on wheels

## Digital Writing II

**Saturday, February 2, 2019 | 10 a.m. – 1 p.m.**

Arizona Center | Suite 335 - 3rd Floor | 455 N. 3rd St., Phoenix

**Digital writing** - writing crafted with, and relying on digital technology - challenges what we think we know about the world and the way we engage it. In this workshop, you will learn about how to effectively leverage digital literacies to produce engaging and compelling writing in digital spaces. The workshop will focus on social media platforms like Twitter and Facebook, and on why effective digital writing is **essential in a 21st century America** where it is part of the fabric of life.

Through this interactive session, you will **gain a deeper understanding of why** digital writing is different from the other writing forms and see new possibilities for communication and self-expression.

ASU faculty will be on-hand to assist with your writing and will review any written document.
